

The Research Centre of the School of Economics and Business,
in cooperation with **the Bank of Slovenia,**
cordially invites you to a research seminar
on **Tuesday, 7th May 2019**
at **13:30** in room **P-119**
at the **School of Economics and Business, University of Ljubljana**

Author:

Prof. Dr. Dirk Schoenmaker
Erasmus University Rotterdam

will deliver a lecture on

Principles of Sustainable Finance

Finance is widely seen as an obstacle to a better world. Principles of Sustainable Finance explains how the financial sector can be mobilized to counter this and provides many examples and tools. Using finance as a means to achieve social goals we can divert the planet and its economy from its current path to a world that is sustainable for all. This new book combines theory, empirical data, and policy to explain the sustainability challenges for corporate investment. It shows how investors and bankers can steer funding to sustainable companies and projects without sacrificing return and thus speed up the transition to a sustainable economy.
